Aug 2026 – Present

- Will provide integrated IT portfolio and resource management, governance, planning, policy, and assessment support for Agency
- Will contribute to IT Strategic Planning and Analysis and Reporting, and Business Customer and IT Stakeholder Engagement
- Will support IT Program and Portfolio Planning and Performance Analysis and Reporting

Owner / Lawn Care Operator

Houston, TX

Self Employed

Apr 2025 – Present

- Independently manage a recurring client base of 10+ accounts, maintaining a 96% on-time service completion rate through disciplined scheduling and route planning
- Triage and resolve 6+ customer service requests weekly — prioritizing by urgency and dependency like a support ticket queue — while maintaining 100% response follow-through
- Improved route efficiency and maintained organized service documentation, reducing average job-to-job travel time by 40% and increasing daily service capacity.

PROJECTS

Small Enterprise Network Design

[GitHub](#)

- Designed and implemented a multi-departmental branch network for a Houston-based retail company using Cisco routers and switches.
- Configured VLAN Segmentation, inter-VLAN routing, and automated DHCP IP addressing to ensure secure and efficient communication.

IT Support Simulation (Service Now)

[GitHub](#)

- Simulated the full ticketing lifecycle, including incident creation, categorization, prioritization, and resolution for hardware/software issues
- Managed user accounts, password resets, lockouts, and GPOs in a Windows Server in a virtual box lab environment

Leadership & Volunteer Experience

Capital One Launchpad Program

McLean, VA

HACU 1/30 Chosen.

Jul 2026 - Jul 2026

- Collaborated with a cross-functional cohort to design and pitch a fintech product concept — a credit-building credit card and app leveraging non-traditional data such as utility bills — in a competitive pitch competition.
- Selected for Capital One's Launchpad program in partnership with HACU and TMCF, gaining exposure to the company's business operations and culture.

Society of Hispanic Professional Engineers

Houston, TX
